MASTER FORESTRY CONTRACT

In co-operation with the Irish Timer Growers' Association

Notice to User

1. Disclaimer

The Irish Farmers' Association (IFA), the Minister for Agriculture and Food, the European Union and the Irish Timber Growers'Association (ITGA) or their agents will not accept any liability or responsibility in regard to any defects or omissions in this Master Contract.

2. Legal/Taxation Advice/Contract Duration

The IFA and ITGA would advise all potential users of this Contract to contact their own Solicitor for the purposes of obtaining independent legal advice and to ensure that the Master Contract is amended to suit the circumstances of their own particular situation. In addition it is recommended that users should consider contacting their accountants in relation to Tax Clearance Certificates and possible VAT requirements. Where a potential user of this Contract believes that it is in his/her best interest to secure the services of a Contractor for the purposes of management/maintenance of his/her plantation over a period longer than the duration of this Master Contract (which in the normal course terminates on payment of the second installment of the Afforestation Grant) it is of course open to him/her to negotiate a suitable contractual arrangement with a Contractor. In any such circumstances he/she should also seek independent legal advice before entering into any commitment.

3. Insurance

Potential users of this Contract should review their Insurance Policies to see whether or not the policy will cover and indemnify the scope of work and possible liabilities that may arise as a result of this Contract.
